

Message from the Office of Student Affairs:

Updated: April 7, 2020, 12.30

Dear CICM Community:

Online Systems

Throughout the current pandemic, staff members are available through all online portals and telephone. Concerns may be addressed via these methods during regular business hours.

Curfew & Stay at Home

We encourage all of our physician staff to have their medical badge with them at all times in case of emergencies during designated curfews. All other CICM personnel are encouraged to stay at home and to not intermingle with other households for the current time being. We must continue to flatten the curve.

Donations

Chulabhorn International College of Medicine is happy to receive donations any community members wish to provide. We also provide a portal to directly give to Thammasat University Chalerm Prakiat Hospital. Please contact Student Affairs for any inquiries.

Zoom Use

Many personnel have started using *Zoom* as an alternative for meetings. We encourage staff to utilize a meeting password as hacking and online ‘meeting crashing,’ has been occurring for many users internationally. Security has been easily breeched and users should be aware.

We encourage you to monitor developments through the Ministry of Health and WHO websites. We will need your help. A few easy things we can all do include:

- Wash your hands for 20 seconds
- Use hand sanitizer
- Avoid shaking hands
- Disinfect frequently touched objects using a regular household cleaning spray or wipe
- Stay home
- Avoid touching your eyes, nose and mouth.

CICM will continue to work with national and local officials to monitor potential risks. If conditions change, we will update our campus community. Please check our Facebook for updated information. www.facebook.com/CICMTUACTH
